## Megha Jain, MD Workshop

January 24, 4-5 PM. Join Dr. Megha Jain for "The Whole Brain Child." Your toddler throws a tantrum in the middle of a store. Your preschooler refuses to get dressed. Your fifth-grader sulks on the bench instead of playing on the field. Do children conspire to make their parents' lives endlessly challenging? No—it's just their developing brain calling the shots!

Let's learn about 12 strategies to understand your child's brain better and use these situations to build a stronger connection with your little one and a stronger and more resilient community. We'll also enjoy healthy snacks and beverages. Parents registered with the Family Success Center will receive a \$25 gift card for attending. **This workshop is in person and will take place at the Family Success Center. Children are welcome!**
